

BRN SEMINARS

Scientific workshops to foster collaborative research

BIOMARKERS IN RESPIRATORY DISEASES

Parc Sanitari Pere Virgili, Edifici Montseny (Room Geron 3, -1 floor)
Av. Vallcarca, 169-205 Barcelona

May 9th 2019

Five sessions consisting of 15-minute talks about different aspects of chronic respiratory disease, as well as a specific session on lung cancer and its relevance in Respiratory Medicine have been organized. At the end of the event, an open discussion session to find synergies and potential collaborations among the presenters has also been organized.

Organizers: Dr. E. Barreiro (H. Mar, IMIM, UPF, Ciberes) & Dr. E. Monsó (H. Parc Taulí, Ciberes)

15:50h Brief introduction to the Seminar contents & objectives. Dr. Esther Barreiro & Dr. Eduard Monsó

SESSION I (Chair: Dr. Xavier Muñoz)

16:00h. Biomarkers in COPD: are we still far from finding the correct biomarker to monitor response to therapy?
Yes: Dr. Salud Santos
No: Dr. Arturo Huerta

SESSION II (Chair: Dr. Arturo Huerta)

16:30h. Biomarkers in asthma: do they have already implications to therapy?
Yes: Dr. Ebymar Arismendi
No: Dr. Xavier Muñoz Gall

SESSION III (Chair: Dr. Salud Santos)

17:00h. Biomarkers in interstitial lung diseases: is it possible to monitor and better treat the patients?
Yes: Dr. Maria Molina-Molina
No: Dr. Jacobo Sellarés

17:30h. Coffee Break

SESSION IV (Chair: Dr. Maria Molina)

18:00h. Novel biomarkers in pulmonary hypertension: therapeutic implications nowadays?
Yes: Dr. Antonio Roman
No: Dr. Diego Rodríguez

SESSION V: Featured speaker (Chair: Dr. Esther Barreiro)

18:30h. Novel biomarkers in lung cancer: implications in the clinics and therapy
Dr. Eduard Monsó

SESSION VI (Chairs: Dr. Eduard Monsó & Dr. Antonio Roman)

19:00h. General discussion about future projects that could be presented to several private and public agencies on the basis of the knowledge gathered from the different presentations

19:30h. Wrap up and conclusions. End of the Seminar.
